A New Global Initiative

- Child protection & food security

A New Global Initiative
• **Initiative:** enhancing field support and coordination between child protection and food security

• **Goal:** Strengthen cooperation between child protection and food security sectors

• **Approach:** Inter-agency, technical support

• **Duration:** January 2022 – December 2022 (Phase I)

• **Location:** Global, focus in 3 country contexts

• **Partner:** Plan International

• **Collaborator:** Global Food Security Cluster
Initiative: “enhancing field support and coordination between child protection and food security”

The initiative will:

- Review existing evidence on the linkages between child protection and food security outcomes (ongoing)
- Provide technical support to (3) country contexts
  - Identify key competencies, gaps, and opportunities for child protection and food security actors to collaborate
  - Organize an in-country capacity-building workshop
  - Develop programmatic and advocacy tools to support practitioners, and pilot tools
  - Publish a series of country case studies documenting collaborative processes
- Organize a high-level event to influence donors and key decision-makers
