Cooked meals:

- Topic that has been identified during Global Partners Meeting as “for further exploration”
- There has been a discussion on what the cooked meal guide should look like (“how to” guide, reference guide, decision tree tool) > final decision will be made towards the end of August / beginning of September
- So far the draft has been shared with a reduced group, and in the next weeks the draft will be shared with the wider group. Suggestions will be welcome.

Introduction of Agri WG:

- Lead co-chair (Jan): this is a relatively new WG. Currently meeting every two weeks. https://fscluster.org/fsc_agriculture_wg/workinggroup/agriculture-working-group-0
- 5 co-chairs + gFSC focal point
- Quick presentation of the ToRs (link: https://fscluster.org/sites/default/files/documents/agriculturewg_tor_final.pdf)
- Current workstreams: crops/seeds and livestock
- Crops and Seeds: in the survey some areas had been identified as the ones for which field teams would request more support > priorities for the team. Ongoing:
 - Understanding of how FSC partners are engaging with farmers and try to understand how service delivery can be more participatory
 - Develop cash transfer guidelines for seeds-based interventions
- Strong connection with SEADS initiative (<https://seeds-standards.org/>) and AGWG associated work (Crops & Seeds work stream)
- Livestock: about 9 organizations / 20 people. Workplan has identified 5 areas of work:
 - knowledge gaps (studies proposed), guidance in targeting (especially among pastoralists), etc.
 - strengthening livestock coordination (are there livestock WGs?), and also in general understand better the needs that were mentioned in the survey
 - advocacy
 - information sharing
 - networking, including working with other clusters and PQWG
- The AWG looks forward to hosting PQWG members in their meeting in September, and working together on things in the future.

- Presentation of the survey results. Link: https://wfp.sharepoint.com/:p/s/fsc_global/EWf_F7htQrNHtLR9hRhggDIBef8Qa7Sj1mxKT0yAjsyfZg?e=R11unr

- Please sign up for the Protection Task Force by 14th of August, using this link: https://wfp.sharepoint.com/:x:/s/fsc_global/ERk93KrOywtJrwTx4YaxPV8BVQRnPKolwmwOGpZqagg3aA?e=coLOKE
- WFP Gender toolkit is accessible everyone who might want to use it. It includes guidance, videos, checklists and it is available in English, Spanish, French. Link: <https://gender.manuals.wfp.org/en/gender-toolkit/>
- The CP Reference Group may be happy to contribute to the “protection task force” within gFSC / PQWG; Stefano will reach out to them to see if there can be any convergence

Wrap up and Next Steps:

Chair (Julie): The indicators handbook has been completed, cooked meals guidance will be finalised soon, and protection task force should start soon. What’s next for this group?

- Platform to share partners webinar, resources, tools, etc., especially new ones
- Define focus for this group, especially considering the creation of “specialised” WGs (e.g. Agriculture WG)
- The chairs invited members to think in advance of next GPM, and share suggestions with the chairs / the group, as there might be time to work on one more topic / priority before the end of the year.
- Thomas, NRC, suggested that the PQWG should consider looking at its ToR and current relevance, taking into account what it may take on from the PRWG and linkages to the other WGs
