FSC COVID-19 Appeal

✓ Total People in need: 2.5 million
✓ Targeted people in need: 1,055,000
  – Food Assistance: 755,000
  – Livelihood support: 300,000
✓ Budget: USD 37.5 million
  – Food Assistance: USD 32.5 million
  – Livelihood support: USD 5 million
✓ Geographical priorities:
  – Urban and peri urban areas
  – Rural areas recently affected by shocks
  – Urban areas in close proximity to border crossing points
✓ Duration: 9months (May to December 2020)
1. Thorough programme criticality review and redesign, adjust ongoing operations to continue to deliver food assistance to those in need—introduced hand wash stations and crowd spacing measures;

2. Procure and pre-position of stocks in order to anticipate/mitigate potential supply chain disruptions that may result from a lockdown policy.

3. Assess vulnerability to food and nutrition insecurity at household level through indirect means, including mVAM—redesigned to include additional questions on COVID-19;

4. Strengthen market monitoring system by reporting on retail prices of the main markets, provide qualitative insights of retail markets that will explain the impacts on prices and foresee future challenges and monitoring variation of food basket and voucher costs.
5. Engage in advocacy, coordination efforts with partners to ensure that standardized safe operations are implemented in the delivery of food and agric. inputs;

6. Provide unconditional cash-based assistance to at risk people living in various urban and semi-urban areas (mainly provincial capitals);

7. Provide food assistance to people in rural areas of the most affected districts and in communities registering high numbers of COVID-19 cases;

8. Provision of food to isolation/treatment centres (100% of nutritional needs), contributing to the improvement of nutritional status and strengthen immune system;
Response activities

9. Raise awareness of communities/other stakeholders using MISAU-approved package for COVID-19 ie FSC will be used as platforms to disseminate messages at community level;

10. Continue to safeguard and promote agric. and food production, value chains and related livelihood systems through an e-voucher system and distributions of agric. and fisheries inputs;

11. Reduce post-harvest losses through improved storage capacities and small scale processing and conservation;

12. Support livelihood diversification and nutrition through home-based fresh food production(distribution of small stock, seeds and tools).
Cabo Del Rapid Response Plan

✓ Total people in need: 400,000
✓ Targeted people in need: 225,000
  – Food Assistance: 170,000
  – Livelihood support: 75,000
✓ Budget: USD 10.8 million
  – Food Assistance: USD 9.3 million
  – Livelihood support: USD 1.5 million
✓ Geographical priorities
  – Ibo, Macomia, Mocimboa da Praia, Nangade, Palma, Pemba and Quissanga
✓ Duration: 9 months (May to December)
Cabo Delgado RRP Activities

• Provision of life-saving food assistance to affected population (IDPs) to vulnerable/highly food insecure districts and areas affected by insecurity, prioritising on the basis of seasonal food and nutrition security assessments outcomes.

• Providing quality agriculture inputs such as cereals, pulses and vegetable seeds, fertilizers, farming and irrigation tools, fisheries and aquaculture inputs. The livelihoods package will prioritize actions with quick impact.

• Modalities: Vouchers or in-kind distributions
**Agenda 5:** Partners updates on operation/response adjustment in the context of COVID19 - All partners.

**Agenda 6:** AOB

- IMO updates
- Intercluster updates (PSEA training and logistics needs)
- Next meeting (7 May 2020)
Obrigado
