

4.1 MILLION PEOPLE ASSISTED SINCE EARLY OCTOBER 2022

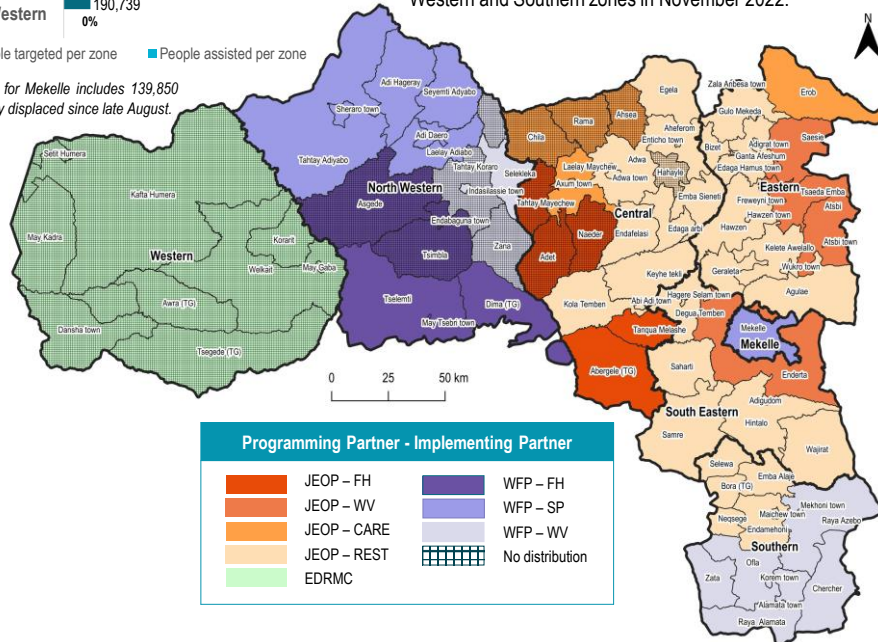

5.4 million people targeted for Round 2

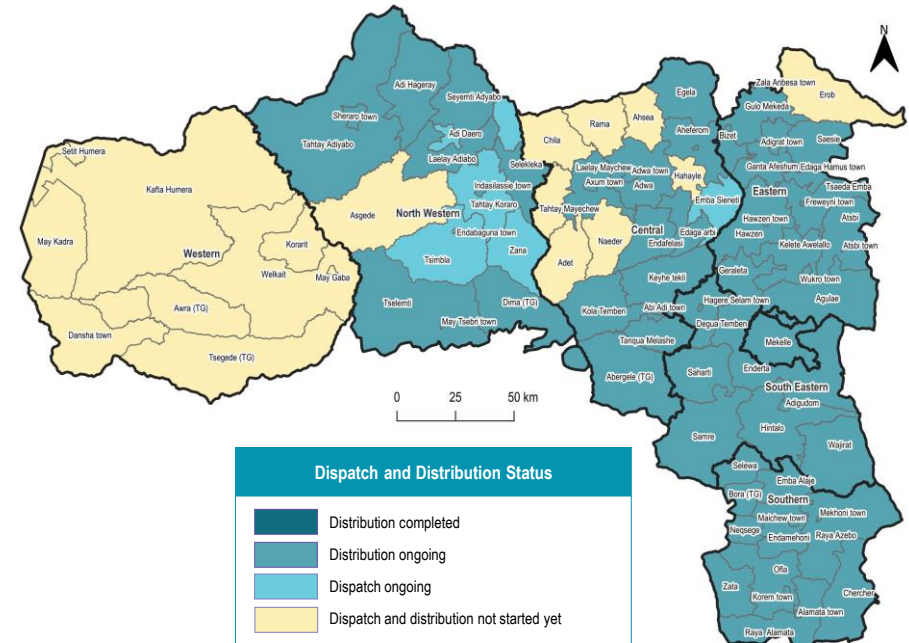

The Round 2 distribution of 2022 was launched in Tigray in early October 2022. Partners have assisted 4,114,889 people (76% of the total planned caseload of 5.4 million people for the region, including Western Zone) with 68,625 MT of food as of 11 January, 2023. Around 135,000 people out of the 3.7 million assisted are recent IDPs displaced since late August 2022.

JEOP partners assisted 2,222,841 people (72% of its planned caseload of 3.1 million people) with 37,247 MT of food in 47 woredas; WFP and its partners assisted 1,892,048 people (88% of its planned caseload of 2.1 million people) with 31,378 MT of food in 19 woredas; and EDRMC conducted one-off distribution of wheat and Corn-Soy Blend in some woredas in Central, North Western and Southern zones in November 2022.

* The target for Mekelle includes 139,850 IDPs recently displaced since late August.

FOOD DISPATCH AND DISTRIBUTION AS OF 11 JANUARY 2023

Since mid-November 2022, more than 94,800 MT of food for Round 2 and Round 3 has been brought into the region as of 18 January, 2023; and around 60,150 MT of food has been distributed to around 3.5 million people as of 11 January.

Between 05-11 January, a total of 501,647 people were assisted with 8,139 MT of food in Tigray. Due to limited resources within the allocation for Round 2, around 46,000 people in Shire Indasilassie town received reduced three-commodity rations only (11.3 KG per person instead of 16.95 KG) during this period.

Humanitarian access in the region, particularly in border areas, areas off the main roads and locations requiring cross-line movements, continues to be challenging for food response. Due to access constraints which hindered food dispatch, some communities (both host and displaced people) of Zala Anbesa town, Aheferom, Emba Sieneti, Erob and Gulo Mekeda woredas received their food rations in neighboring woredas, including Bizet, Adigrat town and Hawzen town.

While partners are working to complete Round 2 distribution, Round 3 of 2022 was launched on 30 December, 2022 with distribution starting in Mekelle. WFP and its partners assisted 530,214 people (25% of its planned caseload of 2.1 million people) with 8,987 MT of food in Mekelle as of 11 January.
