

5.3 MILLION PEOPLE ASSISTED SINCE EARLY OCTOBER 2022

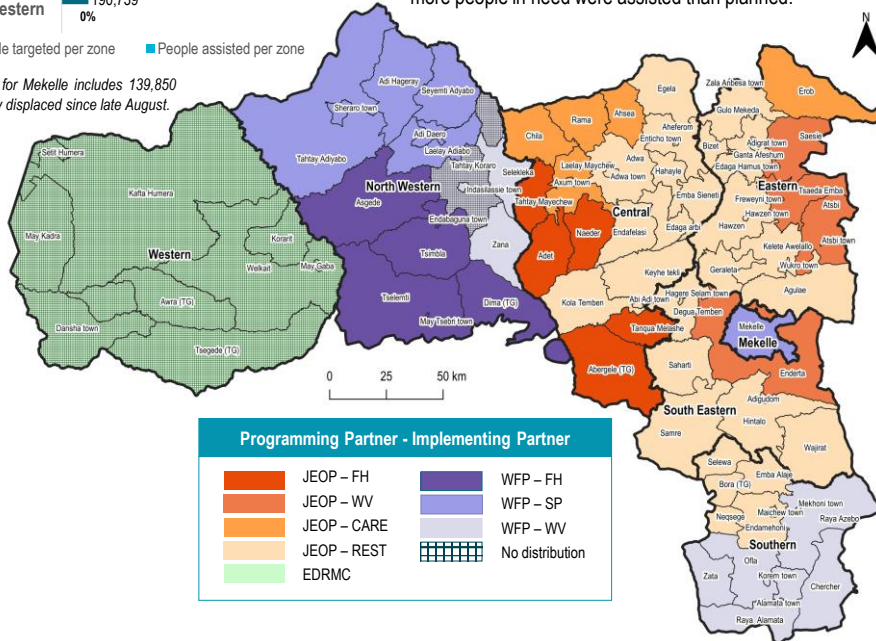

5.4 million people targeted for Round 2

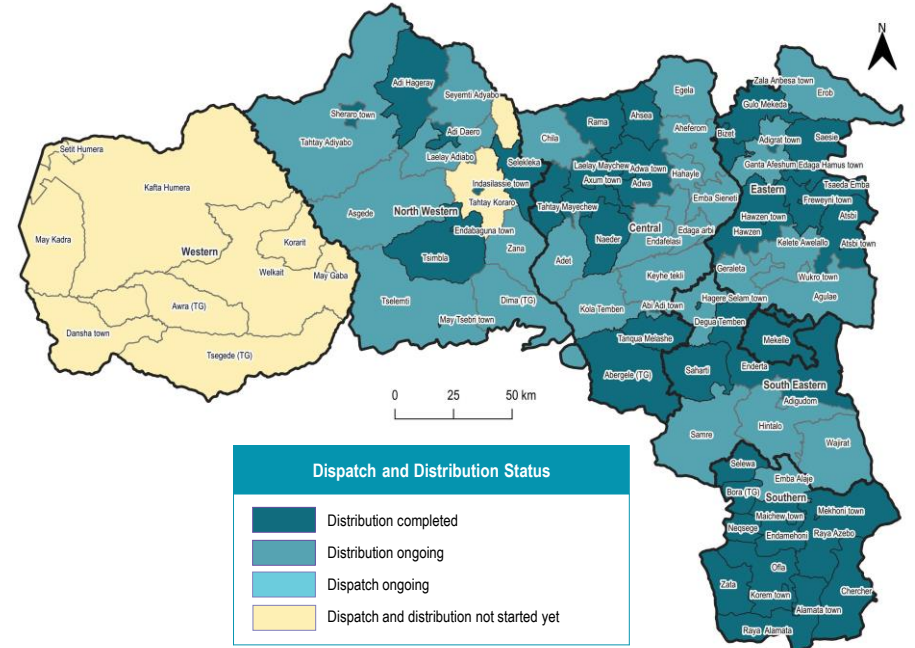

During Round 2 distribution of 2022, which was launched in Tigray in early October 2022, partners have assisted 5,300,746 people (98% of the total planned caseload of 5.4 million people for the region, including Western Zone) with 89,194 MT of food. Out of the 5.3 million assisted, more than 1,180,000 people are IDPs.

JEOP partners assisted 3,080,325 people (99% of its planned caseload of 3.1 million people) with 52,158 MT of food; and WFP and its partners assisted 2,220,421 people (104% of its planned caseload of 2.1 million people) with 37,036 MT of food. Due to the influx of IDPs following conflict resumption in late August 2022, more people in need were assisted than planned.

* The target for Mekelle includes 139,850 IDPs recently displaced since late August.

FOOD DISPATCH AND DISTRIBUTION AS OF 15 FEBRUARY 2023

Since mid-November 2022 when humanitarian food supplies resumed to enter Tigray, more than 133,000 MT of food has been brought into the region as of 21 February; and around 85,129 MT of food has been distributed to 4,665,756 people as of 15 February.

Between 09 - 15 February, a total of 244,953 people were assisted with 4,152 MT of food in Tigray - 37,145 people assisted with 630 MT of food under Round 2 and 207,808 people with 3,522 MT of food under Round 3.

It was reported that some communities in three kebeles in Dima Woreda have not collected their Round 2 food rations due to concerns over armed forces' presence at the distribution point.

Due to previous access constraints which hindered Round 2 dispatch, food distribution for about 205,600 people (both host and displaced communities) of Zala Anbesa town, Aheferom, Emba Sieneti, Erob and Gulo Mekeda woredas was conducted in neighboring woredas, including Bizet, Adigrat town and Hawzoni town. Some had to travel long distance on foot and/or with increased transport costs and protection risks to collect their food rations.
