

FSL Sector Meeting

12th April 2023, Khartoum.

Meeting Agenda

1. Humanitarian Updates
2. FSL 2022 Response
3. SHF/CERF April 2023 Update
4. CFSVA 2023 Update – WFP
5. DIEM Updates – FAO
6. CCPM 2022 Findings
7. AOB
 - IPC 2023 Updates
 - Sudan Emergency Response Plan (ERP) 2023

SUDAN
FOOD SECURITY
& LIVELIHOODS SECTOR

1 - Humanitarian Updates

Displacements & Conflicts

- From Jan - Mar 2023, 4,390 people across two Darfur states were displaced due to conflict. On 23 March, inter-communal violence erupted in the Tandulti area, Ag Geneina locality in West Darfur state.
- 7 states were affected by conflicts with North Darfur, West Darfur and West Kordofan reporting the highest number of incidences.
- 30,000 people (women, children and elderly) fled across the border into Chad from WD - unconfirmed reports indicated.

Diseases Outbreak

- Dengue fever has spread to 84 localities across 12 states and a dengue fever outbreak was declared on 14 February 2023 by the Sudan Ministry of Health.
- A total of 2,600 confirmed dengue fever cases while 45 deaths were reported due to dengue fever until 25 March 2023.
- 179 measles cases and 433,264 malaria cases were reported from Jan – Mar 2023.
- WHO is supporting the Ministry of Health to respond to the outbreak.

1 - Humanitarian Updates Contd ...

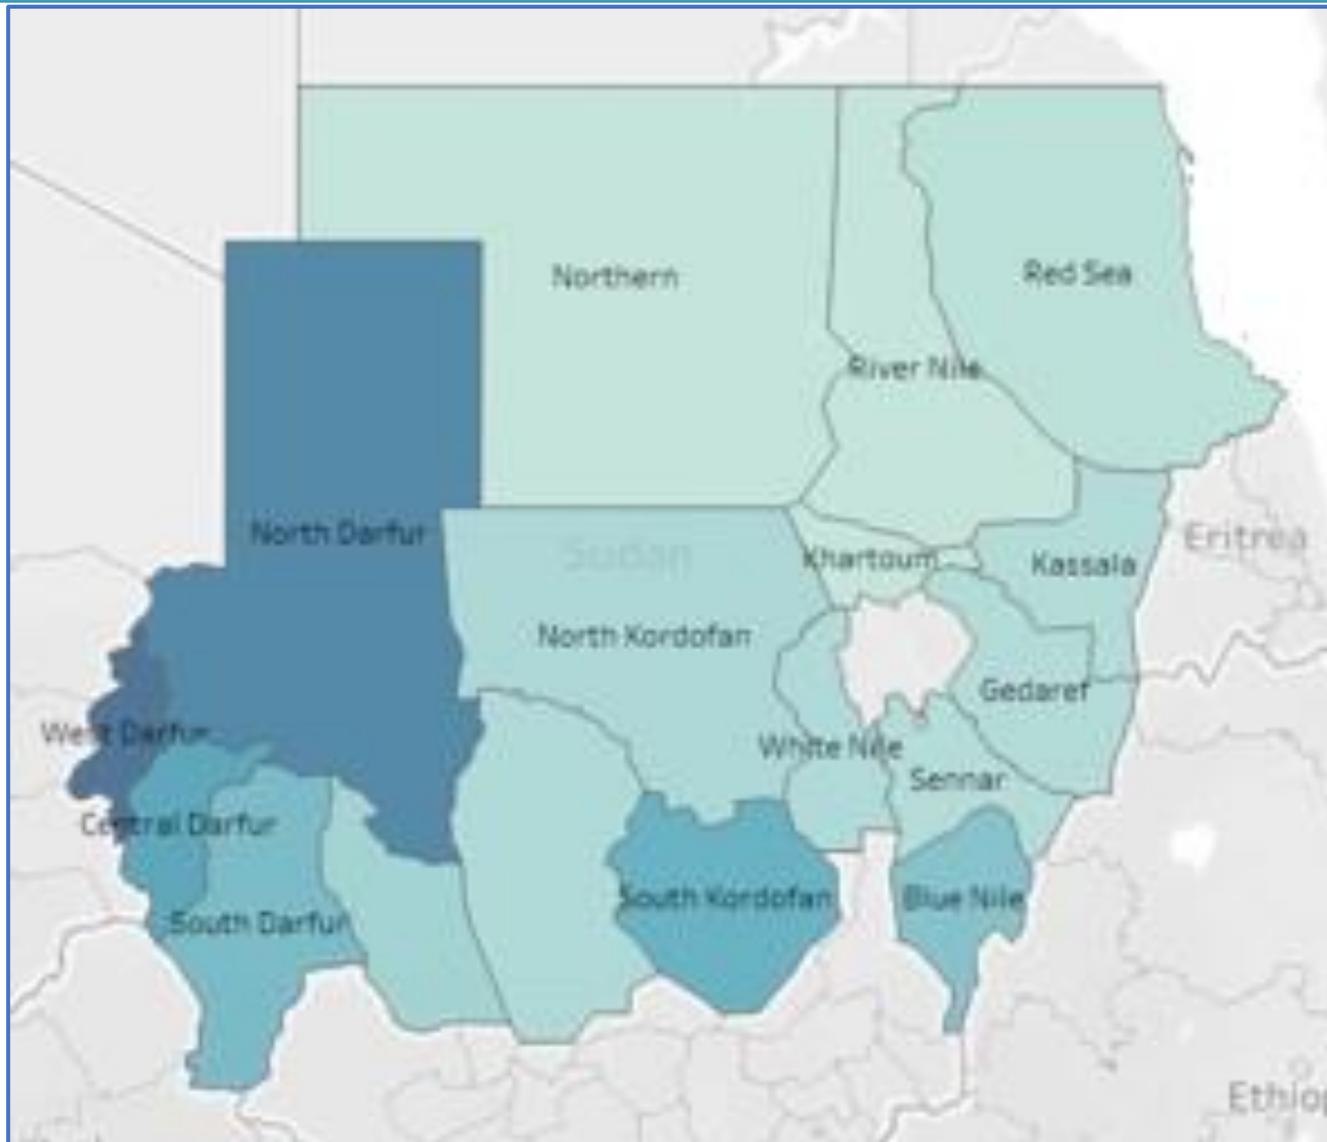

Funding Updates

- The 2023 HRP has an ask of US\$1.75bn, and as of March received \$225.7m — 13 per cent of the requirement.
- The FSL Sector funding requirement under HRP 2023 is 437.5M, funded 148.3M so far with the remaining gap of 290M (66%).
- At the end of March 2023, the Sudan Humanitarian Fund (SHF) allocated over \$9m to respond to new and/or worsening emergencies and prepositioning of stocks.

& LIVELIHOODS SECTOR

2 - FSL 2022 Response

 Financial Requirements	Funding Received	Funded Percentage
\$708.3M	\$474.2M	66.9%
 Total People Targeted (Food)	People Reached (Food) 2022	People Reached (Agriculture) 2022
10,035,527	 8,271,105	 3,799,774
 Total People Targeted (Agriculture)	People Reached (Food) Q4 2022	People Reached (Agriculture) Q4 2022
3,227,195	 2,742,917	 915,892

3. SHF/CERF April 2023 Update

Launch of CERF Underfunded Allocation (US\$18M)

- There has been a steady increase in prevalence of intercommunal violence and displacement incidents in Sudan, as well an increase in IDP numbers.
- The number of incidents increased by a third and the number of IDP's by 42 per cent in 2022 compared with 2021.
- In response, the 2023 UFE CERF allocation targets the most vulnerable among the newly displaced population, in the areas most affected, with lifesaving activities, targets the causes of intercommunal violence and displacement and enables a rapid response in the coming year.
- Complementarity between CERF and SHF is highly considered
- Proposals are underdevelopment by agencies, deadline is 15 April 2023.

SUDAN
FOOD SECURITY
& LIVELIHOODS SECTOR

	Requesting Agency	Sector/Cluster (if project has multiple sectors, please list each one in the same row)	Amount Requested from CERF (US\$)	Geographic Area (first-level and if relevant second-level administrative division)	Key Activities (with CERF funding, in brief bullet points)
1	WFP	Logistics	3,500,000	Sudan	- UNHAS flights
2	IOM	S/NFI WASH	4,500,000	Darfur states, West and South Kordofan, Abyei and Blue Nile	- Prepositioning of S/NFI and WASH items for emergency response
3	UNHCR	Protection - General	2,500,000	Darfur states, West and South Kordofan, Abyei and Blue Nile	- Development and strengthening of crop protection, HLP and general protection concepts
4	FAO	Livelihoods	500,000	Darfur states, West and South Kordofan, Abyei and Blue Nile	- Crop protection implementation
5	WHO	Health	1,500,000	To be confirmed at proposal stage	- Area-based health services to newly displaced populations
6	UNFPA	Protection - GBV	1,500,000	To be confirmed at proposal stage	- Area-based GBV services to newly displaced populations
7	UNICEF	Primary health care, child protection, Education, WASH	4,000,000	To be confirmed at proposal stage	- Area-based multi-sectoral services to newly displaced populations

SHF Updates

Launch of 3 RfEs focusing on

- Response to displacements and returns - US\$ 7M
- Prepositioning of stocks (shelter/NFIs) – US\$ 2 M
- Multi-Sector Needs Assessment MSNA- US\$ 150K

Standard Allocation: US\$ 19M – early May

- Prioritization is ongoing, engaging field and sectors.
- Focus will be;
- Flood response – 18 months project : \$2M
- CBO : \$1M
- Refugees : \$2M
- Localities most affected by displacement : \$14M

4. CFSVA 2023 Updates – WFP

- Data collection completed end of March (prior to start of Ramadan);
 - 37,816 HHs surveyed in 181 localities in all 18 states of Sudan;
- Preliminary Analysis indicates that the main drivers continue to be:**
- Economic downturn, limiting HHs access to food;
 - Conflict-induced displacements;
 - Climatic shocks, resulting in disruption or destruction of livelihoods capitals.
- In depth analysis ongoing, with comprehensive presentation of findings provided at next FSL meeting.

7 – AOB

I - IPC 2023 Updates

- IPC 2023 will start in May.
- The IPC TWG meetings are ongoing for planning of IPC process.
- It will be done with training + Analysis with both Physical and Virtual modality.
- 3-4 days Training, 3 days Analysis Training & 5 days for conducting Analysis
- Participants are finalizing. 16 FSL partners (ADD, ADRA, FPDO, MA-UK, SAO, NRC, BPWVO, Jasmara, IRW, GAH, TGH, CRS, PI, WR, FAO, WFP) shared their nominations.
- Rest of the FSL Partners who wanted to nominate their selective staff for IPC, please share.

7 – AOB

II - Sudan Emergency Response Plan (ERP) 2023

Recommendation from AAR

- Strengthening operationalization of preparedness activities
- Logistics and Response capacity mapping
- Advocate for prepositioning of relief items

2023 ERP approach:

- Simplified approach
- Subnational-level planning

Next step

- 2023 Planning figure – 13 April 2023
- Response capacity mapping – May 2023
- Preposition of key relief items
