Introduction:
The Cash Programming working group is a thematic working group of the Food Security Sector in Palestine. The working group was established in 2012 and restructured in 2015 in order to coordinate, promote and facilitate sustainable activities related to Cash Programming in Palestine. The main mandate of the working group is to address all methodologies of Cash Programming related to emergency interventions, and medium and long term food security related programs.

Goals and objective:
- To participate in the development of tools for a better understanding of Cash Programming related to trends in food insecurity and to identify chronically food insecure and low resilient populations.
- To participate in the development of strategies, linked to current MoA policy and strategy that address food insecurity within Palestine.
- To conduct and prepare ad hoc assessments and develop/recommend appropriate response interventions.
- To improve coordination and enhance better practices in the field.

Membership
- Membership is open to local/international NGO’s, UN agencies, as well as line ministries.

Internal Organization
- The Cash Programming WG reports to the Food Security Sector coordinator
- Every two years the chair or focal point of the Cash Programming WG will be changed, the WG should nominate two focal points for both WB and Gaza.
- Arrange ad Hoc meetings as required.

Meeting Arrangements
- Whenever possible the Cash Programming WG will conduct work through electronic communications
- Face to face meetings on needs/emergencies or when issues cannot be resolved through electronic means. Such meetings should be help on needs-only basis.

Communications and Administrative Arrangements
- Official email contact list based on focal points provided and shared with the members of the Cash Programming working group and the Food Security Sector coordination team.
- All communications will be conducted by the chair of the Cash Programming WG to members.
- Use of existing website or establish a drop box for the working group.

**Modalities for Cooperation**

- The Cash Programming WG will identify methods that complement the initiatives of other organizations, Sector Leads and Working Groups in order to minimize duplication as much as possible.
- The Cash Programming WG will ensure supporting stakeholders by providing guidance and expertise in implementation of field activities.
- The Cash Programming WG will encourage and support capacity building of sector members based on identified needs.
- The Cash Programming WG will provide technical support for humanitarian projects and activities during emergencies.
- The Cash Programming WG will participate actively in developing of the HRP, including identifies needs, objectives, and indicators.
