**Joint Drought Response Plan**
Integrated Targeting

- All agencies targeting IPC 3&4 caseloads in same prioritized 52 districts to ensure complementarity and multi-sector targeting
- Food security interventions complemented by access to basic services
- Selection of same partners for MAM/SAM treatment
- Use of same facilities/platforms for nutrition and health interventions
- Integration of WASH interventions in school and health facilities
- FAO strategic water source mapping to inform WASH Cluster interventions
- Ensuring streamlining and coordination of interventions by all partners at Cluster level (harmonization of transfer values, input packages, WASH and Nutrition supply chain)
Thank you.
