Emergency Livelihoods Assistance in February 2018

- Emergency livelihoods assistance beneficiaries reported are cumulative (January-February 2018)
- A total of 203,000 beneficiaries drawn from 9 governorates received emergency livelihoods assistance (agricultural, fisheries and livestock inputs support) by 28th of February 2018
- Beneficiaries in all other target governorates are yet to receive any emergency livelihoods assistance mainly due to funding shortfalls

Major Challenges Faced by FSAC Partners in February 2018

- FSAC activities were only 2% funded by end of February leading to low reach levels
- The escalation of the conflict in key governorates has led to disruptions in partners' activities and new increased waves of IDP influxes
