MINUTES OF THE BORNO FOOD SECURITY SECTOR MEETING

Location: Borno State Ministry of Agriculture and Natural Resources (MoANR), Conference Room
Date: 15 October 2019
Time: 10:05am – 11:49am

AGENDA

1. Welcome, Opening Remarks and Round of introductions (5 min)
2. Review of action points and approval of minutes of the previous meeting (5 min)
3. HPC 2020 process (40 min)
   o Tentative timeline
   o Summary from state-level consultations
   o Initial consultation on FSS specific needs and response plan
4. Sector updates (10 min)
   o Operational updates
   o Upcoming October 2019 CH Analysis
5. Partner updates (20 min)
   o Government stakeholders (MoA, NEDC, NEMA, SEMA, MRRR, NCFRMI, etc.)
   o Others
6. AOB (5 min)

SUMMARY OF ACTION POINTS

1. AAH to share the full report of the Cost of Diet Analysis in Yobe State
2. Sector with support from partners to revise the harmonization guidance notes
3. Sector to follow up on the FSL glossary translation with WFP/TWB
4. NEDC to provide confirmation on covering the food gaps in the informal settlements in MMC areas
5. Sector to finalize the list of FSS focal points for key LGAs in Borno State and share the ToR
6. Sector to share the partners’ Lessons Learnt on Poultry, Cattle/Sheep/Goats
7. Sector to share project module and HRP guidance and reference materials with partners
8. Sector to share the detailed CH schedule/exact venues as soon as it is available.

2020 HPC – HNO State level consultations
The partners were briefed about the progress on the Humanitarian Needs Overview (HNO) activities including the preliminary feedback from the State-level consultations.

The framework for the discussion included:

a) The context of the crisis, which included most affected LGAs and underlying causes of conflicts
b) The impact of the crisis on the people, services and access.

c) The scope of the analysis of the HNO is Borno, Adamawa and Yobe states and focusing on the population groups cutting across IDPs, returnees, host communities and inaccessible populations.

For more details, please see the summary below:

The following is still under discussion: the figures for Humanitarian consequences – Wellbeing + Living Standard, Severity of Needs, People in Need. These will be shared when ready.

**Initial Consultation on FSS specific needs and response plan**

**2019 – 2021 – STRATEGIC OBJECTIVES**

- SO1: Save lives by providing timely and integrated multi-sector assistance and protection interventions to the most vulnerable.
- SO2: Enhance timely, unhindered and equitable access to multi-sector assistance and protection interventions through principled humanitarian action.
- SO3: Strengthen the resilience of affected populations, promote early recovery and voluntary and safe durable solutions to displacement, and support social cohesion

**FOOD SECURITY SECTOR OBJECTIVES**

1. Provide emergency food assistance to meet the needs of the most vulnerable crisis-affected populations. **RELATES TO SO1 & SO2**
2. Foster the resilience of crisis-affected communities through improved agricultural production, restoration and strengthening of productive assets, and supporting income generating activities. **RELATES TO SO2 & SO3**
3. Strengthen coordination with food security sector partners and stakeholders and sectoral working groups engaged in the response. **RELATES TO SO 1, 2 & 3**

### 4 Sector updates

- **Monguno FSL partners’ joint verification exercise** is ongoing since 16 Sep. About 2,500 people is reached per day. So far 45,000 people have been verified and will continue till mid-November to be able to verify more than 100,000 beneficiaries.

- **Impact on FSL situation related to ACF and MC suspension:**
  - Approx. 508,000 people received food security and livelihood assistance from AAH and MC across several LGAs in Borno and Yobe (including Bama, Damboa, Dikwa, Gwoza, Hawul, Kwaya Kusar, Mafa, Ngala, Jere, Magumeri, Maiduguri, Monguno, Nganzai in Borno; and Fika, Geidam, Gujba, Machina, Nangere, Tarmua and Yunusari in Yobe) in the month of August 2019.
  - Out of the 508,000 people, approx. 470,000 received monthly food assistance through various modalities from AAH and MC in the month of August 2019.
  - The sector has received inquiries from different stakeholders including the government, donors, partners on the ACF and MC situation. The sector has communicated to stakeholders on the impact of the gaps left by ACF and MC.
  - We call on the Government actors to take lead on covering the gaps left by the 2 partners (ACF and MC), as while the situation is being resolved. Some of the 470,000 beneficiaries already missed September round of assistance.

- **World Food Day celebrations** will be held in Maiduguri on October 16. The theme of World Food Day 2019 is ‘Healthy Diets for a #ZeroHunger World’ to underscore the need for greater emphasis on improving nutrition outcomes in humanitarian and development interventions. #ZeroHunger goes beyond hunger – it means enough nutritious food for everyone, everywhere, with the aim of making healthy diets available to all. This year’s theme is particularly pertinent to North East Nigeria where levels of food insecurity and malnutrition have been increasing exponentially due to the ongoing insurgency.

- **Upcoming October 2019 CH Analysis**
  - Food Security Sector and Nutrition Sectors would like to jointly call for partners who have relevant data (from July to October 2019) to share with the CH colleagues **by 23 October**.
  - A training on the updated CH manual 2.0 will take place in Abuja between 21-24 October 2019.
  - The October 2019 Cadre Harmonise (CH) State-level Analysis Workshops are scheduled to take place in Abuja between 25 to 30 October 2019.
  - The Federal-level consolidation of the analysis and presentation of the results will take place in Abuja between 01 to 05 November 2019.

Sector to share the detailed CH schedule/exact venues as soon as it is available.
Partner updates

The sector shared an update from WFP - Vegetable oil will not be part of items distributed for October in their coverage areas due to some clearance challenges for oil products.

AOB: Next regular fortnightly Borno FSS meeting: Date To be confirmed due to the upcoming CH analysis.

CLOSING: The meeting was adjourned at 11:49am. The next meeting date is to be confirmed.

IN ATTENDANCE: 28 partners were in attendance - 43 individuals (16 Females & 27 Males)
