

Minutes of FSAC National Cluster Meeting

Sana'a Hub

Date	27.04.2022
Venue	Virtual
Attendance	DEEM, LMMPO, WCUK, SCI, TYF, SDF, IRY, CARE, NRC, NFDHR, MR, NDEO, YLDF, MOZN, BFF, RI, OCHA.

Agenda

1. Review of last meeting action points.
2. FSAC Sub-District & Village Level mapping 2022.
3. FSAC Partners' monthly updates, achievements, and challenges.
4. IDPs responses, updates, and gaps.
5. Presentation on the AMRF system, OCHA.
6. AOB

1. Action points from the last meeting

- CARE to share more details of the sub-district and village level mapping of their projects in Dhamar, Sana'a, and Sana'a city.
 - ✓ Done. CARE shared the mapping through February report 2022.
- FSAC SNCC to report partners' challenges and constraints with FSAC national cluster
 - ✓ Done.
 - The national cluster will raise the challenges/constraints of getting the permits for assessment questionnaires by SCMCHA HQ to ICCM and OCHA. In addition, all tools "questionnaire/form" to be collected.
 - Partners should report all constraints through the AMRF.
 - The MFB will be revised and the TWG has conducted an ad-hoc meeting to revise FSAC MFB.
- FSAC to circulate an email about how to report any access constrain through OCHA's AMRF.
 - ✓ Done
- NRC to link SDF with their and ACTED focal point in Dhamar. If any support is needed SDF to contact FSAC SNCC.
 - ✓ Done
 - SDF reported that this month is the last month for implementing the livelihood project in Dhamar and will not be able to implement all livelihood activities.
- NRC to provide FSAC with the mapping of the EFA project in Amran and the livelihood project in Dhamar.

Send any updates and/or comments to Sana'a hub FSAC Sub-National Cluster Coordinator Muna Hashem

[<Muna.hashem@fao.org>](mailto:Muna.hashem@fao.org)

- ✓ Pending
 - NRC reported that in regard EFA project in Amran governorate, the targeted sub-district is Amran. Regarding Dhamar project, the mapping will be shared with FSAC, once the MEAL team shares it.
- FSAC SNCC to get in touch with WFP to get more information on the changing of rounds/ cycle terms.
- Done.
 - WFP has been changing the terms of the round instead of using the month, it will numerous as round one, round two..etc.
 - Due to a lack of sufficient resources, from Jan 2022 to date, WFP completed one round, and the second round is still ongoing. In addition, WFP reported that planned scale-up for targeted caseload in Sana'a hub including vulnerable IDPs hosted in sites in Amran, Sana'a, Dhamar, and Al Bayda Governorates were put on hold due to lack of sufficient resources.

2. FSAC Sub-District & Village Level mapping 2022

- FSAC highlighted the partners' mapping that was shared last month.
- The mapping is a key tool used in coordination. The FSAC Sana'a Hub Sub-District & Village Level mapping shows the listed organizations' intervention based on activity and modality (where & when). The importance of the mapping is highlighted and reflects all partners' intervention in Sanaa Hub locations based on sub-district and village level, which help to avoid any potential duplication.
- Partners were reminded to share any updates using the Sub-District & Village Level mapping template

3. FSAC Partners' monthly updates, achievements, and challenges

- FSAC requested partners to share any new updates, achievements, and challenges;

Feedback from Partners:

- **CARE;**
 - a. OFDA project; The 4th round was completed in the CFW and UCT project for 1300 HHs, currently, the project is under the reporting and closing stage.
 - b. MOFA project; The distribution of MPCT " 116000 YER – for one round" in Amran and Jabal Yazeed has been completed
 - c. WFP GFD; on the 27th of April the second round of 2022 has been completed. The main significant challenges are the difficulty accessing beneficiaries to food distribution points due to Ramadan season and rainfall. The food distribution expended for extra two days in Alqafal, Suywer, and Alasha districts.

Send any updates and/or comments to Sana'a hub FSAC Sub-National Cluster Coordinator Muna Hashem

[<Muna.hashem@fao.org>](mailto:Muna.hashem@fao.org)

- d. WFP communicated with CARE that the Biomatic registration of all WFP BNFs “7239HHs” in Amran governorate will be launched in May 2022 and will start in the Jabal Yazeed district. This will be preceded by training by WFP.
 - e. The livelihood /CFW project in Dhamar is ongoing and just remains the third round of the CFW and the 6th round of UCT.
 - f. The UCT project in Sana’a city and Sana’a is ongoing and the second round of UCT has been completed.
- **BFF;**
 - a. The One-off Emergency food assistant to 62 new IDPs in Amant Alasimh has completed.
 - b. The significant challenges are as follows;
 - The sensitivity of sharing any lists of beneficiaries by clusters with authorities, as the authorities consider that any lists should be shared by SCMCHA.
 - The authorities inform BFF that the needs in IDPs sites are only in Bani Alharth district. FSAC has referred that to CCCM who confirmed that their new partner in Amant Alasimh will activate soon.
- **MR ;**
 - c. Based on last month's updates, Mona relief confirmed that they have 1200 food baskets in Sana’a during Ramadan, 450 food baskets will be targeted in Hamadan, Alreqa, and Alsawad IDPs settlements. The distribution of 750 food baskets have completed and the remaining 450 food baskets will be saved until getting the permits from SCMCHA.
 - d. The significant challenge is that SCMCHA shifted the plan of targeting IDPs sites to another district. FSAC has referred this constraint to the CCCM cluster for their action. Also, FSAC requested MR to report such constrain through AMRF.
- **NFDHR**
 - e. In Regard to WFP GFD, the second round of 2022 has been completed except Rahaba, Namaan and Nati districts.
 - b. NFDHR is facing challenges with authorities and beneficiaries due to the reduced food rations. This month beneficiaries receive flour and oil only, and next round beneficiaries will receive flour and beans. FSAC clarified that earlier at the beginning of 2022, WFP warned that it is running out of funds to continue to provide food assistance for 13 million people in Yemen. Therefore, starting from January, eight million will receive a reduced food ration, while five million at immediate risk of slipping into famine conditions will remain on the full ration.

Action points;

- BFF to submit the report of the EFA to newly IDPs that have been conducted in Amant Alasimh.
- FSAC SNCC to raise the issue of sensitivity of sharing the BNFs lists to authorities by partners. As it takes time to negotiate until they get the permits. Any BNFs lists are referred from CCCM or RRM through clusters.
- MR to keep FSAC updated on targeting the IDPs sites and if needed FSAC will hold a meeting with CCCM and authorities after the Eid holiday for more discussion.

4. IDPs responses, updates, and gaps.

- The detailed Updates of the 2022 IDPs are shared with partners. WFP didn't share any updates yet.
- FSAC shouts out for partners with resources to coordinate with FSAC to cover the food needs of new IDPs and IDPs sites under Sanaá Hub.

- The CCCM Weekly Tracking tool for sectors' Gaps in IDP sites under Sana'a hub has been circulated with partners.

5. Presentation on the AMRF system, OCHA.

- No presentation was given at today's FSAC meeting. It will be coordinated with OCHA to conduct the AMRF orientation in the coming FSAC cluster meeting which is scheduled to be conducted last Wednesday of May.

6. AoB

- Partners were reminded to update FSAC with any signed or pending sub-agreement under Sana'a hub regularly.

Action points

- A suggestion from partners is to share a matrix related to partners' signed or pending sub-agreements and to be filled out on monthly basis. FSAC SNCC to discuss that with other FSAC SNCCs.
