- FSAC to share the monthly sub-district-level gap analysis for EFA, CFW & livelihoods in Marib.
✓ Done.
- FSAC to follow up on the possibility of Al Jubah IDPs being included in the WFP regular response.
✓ Ongoing.

2. FSAC response to flood-affected families (updates and gaps):

- **RRM:**
 - IOM indicated that RRM had registered 797 HHs- 618 HHs of whom have received RRM kits.
 - FSAC noted that the RRM list of these HHs would be shared with partners for verification and providing one-off food assistance afterward.
- **The Executive Unit:**
 - According to the Executive Unit's recent report, 2,577 families have been entirely affected by floods while other 10,973 families have been affected partially.

- FSAC indicated that partners are expected to verify whether these families are affected, ensuring they cover existing gaps. To respond on time, observations may occur during the one-off distribution.
- FSAC stated that partners should coordinate their assistance with the sub-cluster and then with the Executive Unit, not the other way around. Moreover, FSAC highlighted that any un-coordinated response would be rejected, mainly when this assistance creates duplication.
- FSAC response so far is as follows:

FSAC Response to Floods			
Partner	Modality	# of HHs Targeted	Status
KSR/BCHR	Food Baskets	1,500	distribution done
KSR/YDN	Food Baskets	1,200	Planned
QRC	Food Baskets	1,300	Planned

4. AOB:

4.1. Update on YHF:

➤ FSAC shared updates regarding the 2022 YHF fund (1st allocation) for Marib as follows:

- According to YHF management, the cluster's endorsement is not required this year, and the aim was to keep the process as competitive as possible. Meanwhile, a Strategic and Technical Committee has been established to evaluate the submitted multi-sector proposals and provide guidance accordingly.
- Concerning the caseload, the current gaps in the May 2022 IM products available on the cluster's website should be considered.

4.2. Initial Situation Tool (IST):

- FSAC shared updates regarding the Initial Situation Tool (IST) as follows:
 - A rapid assessment team (3-5 partners nominated by each cluster) will be established under the direction of OCHA and in close coordination with other sub-clusters,
 - The purpose of establishing this team is to carry out assessments in the event of any emergency. The team will be trained on the Initial Situation Tool (IST) to conduct rapid sector-relevant assessments of each cluster's activities.
 - The training session will be at the end of July.

Action Point:

- FSAC to share the Initial Situation Tool (IST).
- Interested FSAC partners to nominate focal points for the IST training.
