#### Action points

- Partners are encouraged to mobilize resources to respond with food assistance to any newly displaced people
- Partners with available resources have to coordinate with the Sub-Cluster Coordinator and address the food gaps of the reported IDPs

#### 4. FSAC membership application

- New partners who are interested to join FSAC should complete and submit the [online application form](#)
- Interested new partners need to upload the supporting documents as the application will not be processed and considered without the supporting documents
- Applicants will be notified about the application process and they can follow up on that through the concerned sub-cluster coordinator/s
- Eligible applicants should meet the membership criteria including the following:
  - Adhere to the Cluster Principles.
  - Adhere to the FSAC Guidelines and technical standards.
  - Coordinate your food security and livelihood related activities with the FSAC prior to their implementation, to avoid any potential duplication and/or overachievement.
  - Share information on your food security and livelihood activities (both implemented and planned), to feed the FSAC information management products and to facilitate the FSAC coordination.
  - Share any relevant documents (assessment reports, baseline / end-line evaluations, other), to contribute to a better understanding of the food security situation at national and sub-national level.
  - Take part to FSAC activities (concerning both the coordination and the information management), to contribute to its positive development and success.
- Failure to comply with the above requirements will result in the exclusion from the FSAC.
